

SYNOPSIS (PROJECT PROPOSAL)

The project proposal or the synopsis is the frame work for carrying out the project. It should be prepared in consultation with Guide/Mentor. The necessary parts of a project proposal are given in the following form:

- Title of the Project.
- Introduction and Objectives of the Project.
- Project Category (Standalone/Web-Based/Multimedia etc.).
- Hardware and Software Requirement specifications.
- Number of modules and their description to provide an estimation of the learner's effort on the project.
- Reports generation (Mention tentative content of report).
- The Synopsis should be printed and should have 4-5 pages for clarity.
- The font style should be "Times New Roman" with size 12 and 14 for heading.

There must be uniformity in the Synopsis prepared by the Group and must adhere to the exact sequence and heads that has been explained above. Every Group has to submit one copy of the Synopsis to their Guide and one copy to the Coordinator.

Note: The front page of the Synopsis must be exactly same as that being provided to all under "PROJECT GUIDELINES".
